IEEE Transactions on Learning Technologies

Special Topic:

Agentic AI and Embodied Cognition—Shaping Future Education through Interactive and Immersive Learning Paradigms and Processes

Advisor

John Chi-Kin Lee
The Education University of Hong Kong

John Mitchell
Stanford University

Important Dates

- Full submission due: **April 30, 2026**
- Final paper due: **July 30, 2026**
- Final decision to authors: **August 30, 2026**
- Early Access: **Per IEEE policy, after acceptance**
