

LEARNING WITH MOOCS

IEEE LWMOOCS VII - 2020

The 4th Industrial Revolution: Challenges and Opportunities

30 Sep – 1 – 2 Oct 2020

Antigua Guatemala, Guatemala

This IEEE conference provides academic and industry professionals the opportunity to discuss research into MOOC technologies as well as the practical aspects of creating and offering MOOCs to diverse worldwide audiences. Now in its seventh edition, LWMOOCS is a respected international forum to collaborate, share, network, learn, and display the latest advances in MOOCs. This edition will be the first one in Latin America, with the aim of spreading the MOOC movement and involving new institutions to enhance teaching and learning through technology.

Topics for Discussion

We call for submissions from a variety of disciplines and topics. All submissions will be double-blind peer-reviewed, and a selection will be chosen to present a vibrant program that maximizes time for discussion and participation through a single-track threaded with poster sessions, paper presentations, shorter lightning-round presentations, and keynote presentations from leading experts. Example topics, though not limited to this list, include:

- The role of MOOCs shaping the 4th Industrial Revolution
- Expanding the learner community through MOOCs
- Social implications of MOOCs
- Assistive and inclusive MOOC techniques
- Open content, open licensing, and MOOC delivery
- International cooperation in MOOC projects
- Using MOOCs in employee training
- Scaffolding courses and planning MOOC curricula
- On-line MOOC degree programs
- Learning analytics in MOOC courses
- Learning science and educational research models
- Learning engineers applying sound science with MOOC platforms
- Machine Learning, AI, and MOOC delivery

Submissions can be made at:
