

IEEE Global Engineering Education Conference (EDUCON) Sponsored by the IEEE Education Society

Call for bids 2024/2025/2026

Dear IEEE Region 8 Education Society Members,

The EDUCON Steering Committee is inviting you to prepare a proposal to host the EDUCON Conference in one of the following years, 2024, 2025, 2026, under the following conditions:

- The IEEE EDUCON conference <https://educon-conference.org/> provides a forum for academic, research and industrial collaboration on global engineering education and is held annually during the last two weeks in March or the first two weeks in April.
- All accepted peer-reviewed papers will be published in the conference proceedings and will also be submitted to the IEEE Xplore Digital Library. <https://ieeexplore.ieee.org/xpl/conhome/1800058/all-proceedings>
- The IEEE Education Society's fields of interest will guide the program committee and the Call for Papers.
- IEEE Education Society has an agreement for the next years with an even management services beginning EDUCON 2022 including marketing services, financial services, local arrangements coordination, committee support, and on-site conference management.

Proposals should be sent no later than **January 20, 2023**. The preferred format is an email containing a bid using the [IEEE EDUCON Conference Application Form](#).

The bid should be attached to the email as PDF documents and sent to:

- **Chair of the IEEE EDUCON Steering Committee, Edmundo Tovar,** edmundo.tovar@upm.es
- **Past Chair, Manuel Castro:** mcastro@ieec.uned.es

We recommend that proponents have participated with different roles in past editions of EDUCON.

Selection results will be announced after a special meeting of the EDUCON Steering Committee in February 2023.

Please feel free to contact us if you need any help.

Best Regards,
Edmundo Tovar
IEEE EDUCON Steering Committee Chair
